Metal Finishing Index to Volume 99 January–December 2001

This index covers features and columns appearing in *Metal Finishing* during the calendar year 2001.

SUBJECT INDEX

Activation
-of silver for further electroless plating, 1/01, p. 72
Aerosol
-deposition of electroless nickel, 10/01, p. 66
-paints and coatings, VOC content in, 7/01, p. 42
Aerospace
-Airline Plating & Metal Finishing Forum & Expo, 3/01, p. 25
-NESHAP, compliance with the, 3/01, p. 16
-NESHAP violations, waive goodbye to, 3/01, p. 30
Air Pollution Control
-product showcase, 1/01, p. 22
-review of technical developments in, 2/01, pp. 45 and 73
Air-Dry
-coatings for automotive brake system requirements, 5/01, p. 16
Aluminum
-an overview of non-hexavalent chromium conversion coatings for, 12/01, p. 15
-and steel substrate painting in the same shop, 1/01, p. 73
-anodized with FDA approval, 12/01, p. 46
-bright dip, 12/01, p. 48
-electroless copper metallization on anodized, 12/01, p. 11
-electroless nickel on, 1/01, p. 72
-electrolytic coloring of anodic, 12/01, p. 27
-electropolishing of, 8/01, p. 19
-etch solution, recycling of, 2/01, p. 104
-looking for surface standards for, 3/01, p. 63
-new insights into the microhardness of anodized, 9/01, p. 46
-pretreatment of cold-rolled steel (low or high carbon) and, 9/01, p. 75
-removing scratches from, 7/01, p. 45
-salt spray for anodized, 12/01, p. 46
-trim, painting, 7/01, p. 42
Alumite
-process, anyone heard of it, 3/01, p. 69
American Electroplaters and Surface Finishers Society (AESF)
-Aerospace/Airline Plating & Metal Finishing Forum & Expo, 3/01, p. 25
-EPA Conference for Environmental Excellence, 1/01, p. 60
-SUR/FIN 2001 Technical Program and Exhibitors, 6/01, p. 11
American Society for Testing Materials (ASTM)
-will change its name, 10/01, p. 76
Anodizing
-coating thickness and sealing, 12/01, p. 48
-electroless copper metallization on, 12/01, p. 11
-electrolytic coloring of for selective solar films, 12/01, p. 27
-iridescent clear, 12/01, p. 46
-localized repair of anodizing, 12/01, p. 47
-new insights into the microhardness of, 9/01, p. 46
-phosphoric acid, 12/01, p. 49
-product showcase, 9/01, p. 28
-reducing electrical cost of, 12/01, p. 47
-review of technical developments in, 2/01, p. 15
-salt spray testing, chromic acid, 12/01, p. 46
-salt spray testing for anodizing, 12/01, p. 49
-thermal/dielectric properties, 12/01, p. 47
-type I and type II, 12/01, p. 8
-when is seal smut not seal smut in, 3/01, p. 46
-with FDA approval, 12/01, p. 46
-without stripping chromate, 12/01, p. 46
Asbestos
-in coatings, 8/01, p. 51
Automotive
-brake system requirements, air-dry coatings for, 5/01, p. 16
-paint booths, diagnosing air-flow-related concerns in, 2/01, p. 90
Barrel Plating
-product showcase, 7/01, p. 18
Bath Tubs
-painting, 8/01, p. 51
Black
-coatings in the far infrared for space applications, 10/01, p. 85
Black Oxide
-weldability of cold, 5/01, p. 60
Blasting
-microabrasive, 7/01, p. 8
-review of technical developments in, 2/01, p. 10
Bonding
-steel to rubber, 4/01, p. 60
Boron
-waste treatment of, 11/01, p. 69
Bronze
-extrusion discoloration, 7/01, p. 45
Buffing
-establishing a standard for, 5/01, p. 60
-review of technical developments in, 2/01, p. 12
Cadmium
-influence of benzyl alcohols on the electrodeposition of, 9/01, p. 41
-nickel-zinc as replacement for, 11/01, p. 74
-review of technical developments in electrodeposition of, 2/01, p. 16
Cast Iron
-rust preventive coating or finish, 10/01, p. 84
CERCLA
-liability and drum deposits, 10/01, p. 89
Change
-managing, 1/01, p. 81
Chemical Agent Resistant Coating (CARC)
-what is, 11/01, p. 66
Chromate
-conversion coating, replacement for, 12/01, p. 49
-conversion coatings used on zinc die castings, 6/01, p. 132
-on zinc plate, alternatives to yellow, 5/01, p. 62
-seal temperature, 12/01, p. 50
Chromium
-automotive bumper repair, 5/01, p. 58
-ceria electrodeposition using nitrate additives, 2/01, p. 84
-codeposition of nanodiamonds with, 6/01, p. 117
-failure, microgalvanic cell, 2/01, p. 106
-plating a zinc-based medical device, 10/01, p. 83
-plating, derivation of exact equation for current efficiency under periodic reverse current conditions, 11/01, p. 44
-review of technical developments in electrodeposition of, 2/01, p. 16
-stripping from old car parts, 5/01, p. 58
Clean Air Act
-and routine maintenance, repair, and replacement, 2/01, p. 98
Cleaning
-application of technology to situations, 5/01, p. 52; 7/01, p. 52; 9/01, p. 61; 11/01, p. 55
-new options for solvent, 3/01, p. 49
-plate magnets keep caustic solution free of iron particles, 12/01, p. 36
-product showcase on ultrasonic, 2/01, p. 48
-review of technical developments in, 2/01, p. 8
-tests, 1/01, p. 65
-the most important step in the phosphating process, 9/01, p. 12
-what is critical, 7/01, p. 53
COATING 2001
-preview of, 10/01, p. 10
Coatings
-an overview of spin, 1/01, p. 16
-calculating VOC from electrodeposited, 7/01, p. 43
-for the Department of Defense, water-dispersible polyurethane, 7/01, p. 31
-guide, an integrated tool for decisions, 5/01, p. 45
-procurement source for the federal government, 10/01, p. 54
-release, 1/01, p. 70
-sunlight reflective, 2/01, p. 101
Coil and Blank Coating
-review of technical developments in, 2/01, p. 63

Metal Finishing Index to Volume 99 January–December 2001

This index covers features and columns appearing in *Metal Finishing* during the calendar year 2001.

SUBJECT INDEX

Activation
-of silver for further electroless plating, 1/01, p. 72
Aerosol
-deposition of electroless nickel, 10/01, p. 66
-paints and coatings, VOC content in, 7/01, p. 42
Aerospace
-Airline Plating & Metal Finishing Forum & Expo, 3/01, p. 25
-NESHAP, compliance with the, 3/01, p. 16
-NESHAP violations, waive goodbye to, 3/01, p. 30
Air Pollution Control
-product showcase, 1/01, p. 22
-review of technical developments in, 2/01, pp. 45 and 73
Air-Dry
-coatings for automotive brake system requirements, 5/01, p. 16
Aluminum
-an overview of non-hexavalent chromium conversion coatings for, 12/01, p. 15
-and steel substrate painting in the same shop, 1/01, p. 73
-anodized with FDA approval, 12/01, p. 46
-bright dip, 12/01, p. 48
-electroless copper metallization on anodized, 12/01, p. 11
-electroless nickel on, 1/01, p. 72
-electrolytic coloring of anodic, 12/01, p. 27
-electropolishing of, 8/01, p. 19
-etch solution, recycling of, 2/01, p. 104
-looking for surface standards for, 3/01, p. 63
-new insights into the microhardness of anodized, 9/01, p. 46
-pretreatment of cold-rolled steel (low or high carbon) and, 9/01, p. 75
-removing scratches from, 7/01, p. 45
-salt spray for anodized, 12/01, p. 46
-trim, painting, 7/01, p. 42
Alumite
-process, anyone heard of it, 3/01, p. 69
American Electroplaters and Surface Finishers Society (AESF)
-Aerospace/Airline Plating & Metal Finishing Forum & Expo, 3/01, p. 25
-EPA Conference for Environmental Excellence, 1/01, p. 60
-SUR/FIN 2001 Technical Program and Exhibitors, 6/01, p. 11
American Society for Testing Materials (ASTM)
-will change its name, 10/01, p. 76
Anodizing
-coating thickness and sealing, 12/01, p. 48
-electroless copper metallization on, 12/01, p. 11
-electrolytic coloring of for selective solar films, 12/01, p. 27
-iridescent clear, 12/01, p. 46
-localized repair of anodizing, 12/01, p. 47
-new insights into the microhardness of, 9/01, p. 46
-phosphoric acid, 12/01, p. 49
-product showcase, 9/01, p. 28
-reducing electrical cost of, 12/01, p. 47
-review of technical developments in, 2/01, p. 15
-salt spray testing, chromic acid, 12/01, p. 46
-salt spray testing for anodizing, 12/01, p. 49
-thermal/dielectric properties, 12/01, p. 47
-type I and type II, 12/01, p. 8
-when is seal smut not seal smut in, 3/01, p. 46
-with FDA approval, 12/01, p. 46
-without stripping chromate, 12/01, p. 46
Asbestos
-in coatings, 8/01, p. 51
Automotive
-brake system requirements, air-dry coatings for, 5/01, p. 16
-paint booths, diagnosing air-flow-related concerns in, 2/01, p. 90
Barrel Plating
-product showcase, 7/01, p. 18
Bath Tubs
-painting, 8/01, p. 51
Black
-coatings in the far infrared for space applications, 10/01, p. 85
Black Oxide
-weldability of cold, 5/01, p. 60
Blasting
-microabrasive, 7/01, p. 8
-review of technical developments in, 2/01, p. 10
Bonding
-steel to rubber, 4/01, p. 60
Boron
-waste treatment of, 11/01, p. 69
Bronze
-extrusion discoloration, 7/01, p. 45
Buffing
-establishing a standard for, 5/01, p. 60
-review of technical developments in, 2/01, p. 12
Cadmium
-influence of benzyl alcohols on the electrodeposition of, 9/01, p. 41
-nickel-zinc as replacement for, 11/01, p. 74
-review of technical developments in electrodeposition of, 2/01, p. 16
Cast Iron
-rust preventive coating or finish, 10/01, p. 84
CERCLA
-liability and drum deposits, 10/01, p. 89
Change
-managing, 1/01, p. 81
Chemical Agent Resistant Coating (CARC)
-what is, 11/01, p. 66
Chromate
-conversion coating, replacement for, 12/01, p. 49
-conversion coatings used on zinc die castings, 6/01, p. 132
-on zinc plate, alternatives to yellow, 5/01, p. 62
-seal temperature, 12/01, p. 50
Chromium
-automotive bumper repair, 5/01, p. 58
-ceria electrodeposition using nitrate additives, 2/01, p. 84
-codeposition of nanodiamonds with, 6/01, p. 117
-failure, microgalvanic cell, 2/01, p. 106
-plating a zinc-based medical device, 10/01, p. 83
-plating, derivation of exact equation for current efficiency under periodic reverse current conditions, 11/01, p. 44
-review of technical developments in electrodeposition of, 2/01, p. 16
-stripping from old car parts, 5/01, p. 58
Clean Air Act
-and routine maintenance, repair, and replacement, 2/01, p. 98
Cleaning
-application of technology to situations, 5/01, p. 52; 7/01, p. 52; 9/01, p. 61; 11/01, p. 55
-new options for solvent, 3/01, p. 49
-plate magnets keep caustic solution free of iron particles, 12/01, p. 36
-product showcase on ultrasonic, 2/01, p. 48
-review of technical developments in, 2/01, p. 8
-tests, 1/01, p. 65
-the most important step in the phosphating process, 9/01, p. 12
-what is critical, 7/01, p. 53
COATING 2001
-preview of, 10/01, p. 10
Coatings
-an overview of spin, 1/01, p. 16
-calculating VOC from electrodeposited, 7/01, p. 43
-for the Department of Defense, water-dispersible polyurethane, 7/01, p. 31
-guide, an integrated tool for decisions, 5/01, p. 45
-procurement source for the federal government, 10/01, p. 54
-release, 1/01, p. 70
-sunlight reflective, 2/01, p. 101
Coil and Blank Coating
-review of technical developments in, 2/01, p. 63

Coloring
-metal, aging and patinas, 10/01, p. 85 Composite Electrodeposits
-of amorphous nickel-tungsten-boron with zirconium oxide particles, 7/01, p. 28
-review of technical developments in, 2/01, p. 36
Connector
-trends in plating of, 1/01, p. 10
Contractometer
-gearless, 8/01, p. 60
Control
-better bath management with meter, 11/01, p. 47
-review of technical developments in, 2/01, pp. 43 and 71
Conversion Coating
-an overview of non-hexavalent chromium, 12/01, p. 15
-and discolored weld, 12/01, p. 49
-review of technical developments in, 2/01, p. 34
Copper
-pitting on pattern-plated, 1/01,p. 68
-putting silver on copper auto antennas, 5/01, p. 58
-review of technical developments in electrodeposition of, 2/01, p. 18
-review of technical developments in electroless deposition of, 2/01, p. 30
-underplate, corrosion resistance of, 5/01, p. 60
Corn Cobs
-degreasing with, 7/01, p. 46
Creosote
-in coatings, 8/01, p. 51
Curing
-powders, how low can you go, 4/01, p. 47
-waterborne coatings and pretreatments without heat, 9/01, p. 34
Custom Coater
-for electrocoating, why and how to use a, 12/01, p. 31
Cyanide
-removing of, 11/01, p. 70
Degreasing
-review of technical developments in, 2/01, p. 8
-with corn cobs, 7/01, p. 46
Deionized Water
-checking the pH of, 8/01, p. 58
-versus distilled water, 8/01, p. 59
Depainting
-of military radomes: elimination of HAP-containing solvents, 3/01, p. 10
Descaling
-review of technical developments in, 2/01, p. 11
Digital Imaging
-in finishing shops, 3/01, p. 37
Dimethyldithiocarbamate
-for the removal of dissolved heavy metals from wastewater, alternatives to the use of, 11/01, p. 8
Drum
-deposits and CERCLA liability, 10/01, p. 89
Dryer
-parts, 7/01, p. 52
Drying
-washed parts, 9/01, p. 61
-waterborne coatings and pretreatments without heat, 9/01, p. 34
Dust
-contamination in spraybooths, 1/01, p. 74
E-Commerce
-how can it help my business, 10/01, p. 57
Economy
-slows up, lessons to learn when the, 12/01, p. 34
Electrochemical Machining
-review of technical developments in, 2/01, p. 14
Electrocoagulation
-for wastewater treatment, 11/01, p. 72
Electrocoating
-calculating VOC from, 7/01, p. 43
-pretreatment of various substrates prior to, 9/01, p. 10
-review of technical developments in, 2/01, p. 62
-why and how to use a custom coater for, 12/01, p. 31
Electrodeposition
-pure tin, 1/01, p. 10
-review of technical developments in, 2/01, p. 16
Electrodialysis
-electroless nickel with continuous regeneration by, 5/01, p. 36
Electroforming
-review of technical developments in, 2/01, p. 35
Electroless Copper
-metallization on anodized aluminum substrates, 12/01, p. 11
Electroless Nickel
-alloys, additives for, 2/01, p. 77
-determining phosphorus content of post-plate samples of, 8/01, p. 61
-on aluminum for solderability, 1/01, p. 72
-phosphorus-based deposits, wettability of amorphous, 1/01, p. 40
-review of technical developments in, 2/01, p. 30
-use of tannic acid for fabrication of nickel films on photoresists by aerosol deposition of, 10/01, p. 66
-with continuous regeneration by electrodialysis, 5/01, p. 36
-zincate dissolution in, 1/01, p. 72
Electroless Plating
-activation of silver for, 1/01, p. 72
-chemical iron-tin-boron films, 6/01, p. 92
-determination of formaldehyde in effluents of, 11/01, p. 33
-review of technical developments in, 2/01, p. 29
Electronic Technologies
-meeting the plating challenges for the new, 1/01, p. 30
Electropainting
-of car bodies, 5/01, p. 61
Electroplating
-airborne components, 8/01, p. 37
-direct on printed circuit boards, 4/01, p. 51
-of ruthenium, 6/01, p. 121
Electropolishing
-of aluminum, 8/01, p. 19
-review of technical developments in, 2/01, p. 14
-using perchloric acid, 9/01, p. 76
Etching
-hydrofluoric versus ammonium bifluoride, 9/01, p. 80
-review of technical developments in, 2/01, p. 11
-solution, recycling of aluminum, 2/01, p. 104
Fastener
-Quality Act, is the cure worse than the disease, 3/01, p. 56; 4/01, p. 70
Fatigue Life
-improvement by anodizing or titanium nitride coating, 3/01, p. 72
Federal
-overreaching, another chapter in, 4/01, p. 55
-painting facilities, report on two process changes for, 4/01, p. 30
Filter Press
-wastewater pretreatment, 2/01, p. 103
Filters
-in a spraybooth, when to change, 4/01, p. 68
-paint booth, 7/01, p. 24
Filtration
-of iron in acid zinc, 7/01, p. 47
FINISHING TECH 2001
-preview of, 11/01, p. 51
Fluoride
-removal from wastewater, 11/01, p. 71
Formaldehyde
-determination of in effluents of electroless plating baths, 11/01, p. 33
Galvanic Corrosion
-metal treatment to prevent, 3/01, p. 68
General Services Administration (GSA)
-the one-stop coatings procurement source for the federal government, 10/01. P. 54
Gold
-review of technical developments in electrodeposition of, 2/01, p. 20
-review of technical developments in electroless deposition of, 2/01, p. 30
Hafnium
-plating silver on, 1/01, p. 68
Hardness
-of high-temperature samples, 2/01, p. 104
Hazardous
-waste versus universal waste, 7/01, p. 42
Hazardous Air Pollutants (HAPs)
-elimination of solvents containing for depainting of military radomes, 3/01, p. 10
Heat-Resistant Coatings
-painting electronic components with, 8/01, p. 51
Heater
-don't let your immersion heater leave you in the cold, 2/01, p. 74
High-Solids Coatings
-review of technical developments in, 2/01, p. 65
-versus low-solids coatings, 12/01, p. 43
Hoist
-systems, square transfer indexing and programmed, 10/01, p. 61
Hot-Dip Coating
-review of technical developments in, 2/01, p. 34
Hydrogen Embrittlement
-safeguarding electroplated airborne components, 8/01, p. 37
Immersion Plating
-review of technical developments in, 2/01, p. 33

Inconel
-thread coating, 10/01, p. 87
Internet
-can environmental, health, and safety sites benefit the metal-finishing industry, 1/01, p. 75
Ion Exchange
-resins, regeneration of, 11/01, p. 73
Iron
-tin-boron films, 6/01, p. 92
Iron Phosphate
-prior to electrocoating, 9/01, p. 10
-regenerating/purifying, 2/01, p. 103
-unpainted, 9/01, p. 74
ISO 9000
-meeting the requirements of, 11/01, p. 60
Liability
-and your personal assets, environmental, 6/01, p. 134
Lighting
-in paint spraybooths, 6/01, p. 132
Magnets
-keep caustic cleaning solution free of iron particles, 12/01, p. 36
Maintenance
-then and now, bath, 5/01, p. 63
Management
-a successful study in hazardous material, 3/01, p. 30
-complaint, 9/01, p. 67
Masking
-anodizing without stripping chromate, 12/01, p. 46
Mass Finishing
-product showcase, 12/01, p. 23
-review of technical developments in, 2/01, p. 14
-wet or dry, 7/01, p. 14
Maximum Achievable Control Technology (MACT)
-for in-mold painting, 2/01, p. 102
-overview and update on MMPP, 11/01, p. 20
Metal Products and Machinery (MP&M)
-rule, overview of the proposed, 4/01, p. 8
Metallization of Nonconductors
-review of technical developments in, 2/01, p. 29
Microhardness
-of anodized aluminum, new insights into the, 9/01, p. 46
Mixing
-table and dust contamination in spraybooths, 1/01, p. 74
Nanodiamonds
-codeposition of with chromium, 6/01, p. 117
National Emission Standard for Hazardous Air Pollutants (NESHAP)
-compliance with the aerospace, 3/01, p. 16
-overlooked requirements in 40 CFR Part 63 Subpart A—general provisions, 4/01, p. 12
-violations, waive goodbye to aerospace, 3/01, p. 30
Navy
-pollution prevention initiatives, industry could benefit by tapping into, 11/01, p. 28
Nickel
-chloride, disposing of from solution of, 11/01, p. 70
-corrosion behavior of environmentally acceptable alternatives to, 6/01, p. 100
-cosmetic equivalent to bright, 10/01, p. 83
-films on photoresists, fabrication of, 10/01, p. 66
-phosphorus films, effect of tungsten inclusion on thermal and barrier properties, 1/01, p. 50
-picking a coating for, 4/01, p. 60
-plating titanium, 10/01, p. 84
-review of technical developments in electrodeposition of, 2/01, p. 16
-review of technical developments in electroless deposition of, 2/01, p. 30
-roughness in Watts, 7/01, p. 50
-tungstate-boron composite electrodeposits with zirconium oxide particles, 7/01, p. 28
-wettability of amorphous electroless, 1/01, p. 40
-with continuous regeneration by electrodialysis, electroless, 5/01, p. 36
-zincate dissolution in electroless, 1/01, p. 72
Occupational Safety and Health Administration (OSHA)
-preparing for an inspection from, 6/01, p. 108
Odor
-causing paint constituents, 3/01, p. 61
Oils
-are they VOC or HAP, 1/01, p. 73
Ovens
-for powder coating, 6/01, p. 113
-recovering heat from, 6/01, p. 115
Overspray
-collection system, selecting the best, 7/01, p. 24
-collectors, technological advancements in, 4/01, p. 38
Paint
-constituents, odor-causing, 3/01, p. 61
-hooks, protective shielding for, 6/01, p. 112

Electroless Nickel Plating

by W. Riedel 311 pages $130.00

This book is a translation of the German Edition updated through 1989. It contains 17 chapters covering all aspects from pretreatment to post-treatment including brief discussions of the market size, stripping, specifications, and waste treatment.

Send Orders to:

METAL FINISHING

650 6th Avenue, New York, NY 10011

For faster service, call (212) 633-3199 or FAX your order to (212) 633-3140

All book orders must be prepaid. Please include $5.00 shipping and handling for delivery of each book via UPS to addresses in the U.S., $10.00 for each book shipped express to Canada; and $20.00 for each book shipped express to all other countries.
